

PORTABLE TOILET FRAGRANCES

Liquid Deodorants Dry Deodorants

PolyJohn Canada has an Aqua Gen liquid deodorant solution for every odour control challenge.

SUPER FRESH

A complete, concentrated liquid deodorant product, that has the ability to control foul odours in portable toilets in all seasons, especially in the hot and humid summer months.

FRESH PLUS SUPER SYRUP

A perfumed, concentrated syrup for portable toilet tanks. Great for all-season users.

BIO-GREEN

A concentrated, all-season deodorant syrup that provides effective odour control using bacterial enzyme action, which will actually break down waste. Even more environmentally friendly!

FRESH SCENT

A viscous liquid fragrance spray that even adheres to vertical surfaces, providing effective odour control and fragrance right where you spray it. Perfect for special events, and ideal for enhancing and extending challenging odour control sites.

Dry odour control products offer convenience and portion control that helps to save labour costs and maintain service standards.

POT SHOTS

Small, convenient portions of water-soluble packets containing highly concentrated, powdered portable toilet deodorant

DEODORANT DISKS

Perfect for special odour control challenges. Extra long-lasting fragrances are designed to extend service during extra hot and humid weather and at problem odour control sites.
